Dear Mr. Fagone:

This letter responds to your Freedom of Information Act (FOIA) request of November 19, 2018 in which you seek the following:

- Copies of all Navy records related to a proposed San Francisco 49ers football stadium that would have been located at the former Hunters Point Naval Shipyard. At the request of the City and County of San Francisco, the Navy once explored a possible football stadium to be built on "Parcel G" or "Parcel 49" of the shipyard. This request includes, but is not limited to, electronic or written communications, emails, memos, letters, PowerPoints, and other reports and documents between the date January 1, 2005 and March 1, 2012.

Your request was received by this office on November 19, 2018 and assigned file number DON-Navy-2019-001425.

Despite diligent efforts, we are unable to provide you a final determination on your request within the 20 working-day statutory time frame established by the FOIA because of the need to search for, collect, and examine a substantial number of responsive records and the need to consult with other naval activities which has substantial subject-matter interest in the release determination of identified responsive records.

At this time, we are also unable to provide an estimate of when your request will be completed because of uncertainty regarding the type and number of records that may be responsive. The processing of your request is being continued and a date for the response will be provided by **March 15, 2019**.

In view of the above, you may consider this to be an adverse determination that may be appealed. Since you have created an account in FOIA online, you may submit an appeal directly within the web-based system. To do this, you would log in to your account, retrieve your original request, and then click on the "Create Appeal" tab in the left-hand column. The basic information from your request will be duplicated for you, and then you can type in the basis of your appeal. If you prefer to use regular mail, you may submit an appeal to:
